Automated Lands Program

The ALP data are reproduced from geospatial information prepared by the U.S. Department of Agriculture, Forest Service from sources of differing accuracy, precision, and reliability. Features represented by these data may not represent accurate geographic locations. The Forest Service makes no expressed or implied warranty with respect to the character, function, or capabilities of these data or their appropriateness for use. The Forest Service may, at any time, correct, update, modify, or replace these geospatial data without notification. These data are useful and may be used for land and resource management planning and other analyses. However, these data are not legal land surveys or precise depictions of ownership boundaries.

This map is provided by the USDA Forest Service at the request of Senator Bob Bennett. Please contact Senator Bennett for any questions about the content of this map. The proposed boundaries are approximate, and acreage figures are an estimate.
